1991	Librarian at Stift Heiligenkreuz
1990-1991	Apprenticeship for book selling

Education

I have been interested in literature and computer programming for as long as I can remember and made my first experiences as a „programmer“ at ca 1977 (age 6 or so) on my daddy's lap.

2010	„Train the Trainer“ Seminar at SPC Consulting GmbH
2009-2010	NLP Practitioner training at Österreichisches Trainingszentrum NLP, Peter Schütz
2008	Certified ScrumMaster training at „Sprint It - Boris Gloger“
2006-2007	Mediator training at „Invidivuelle Kommunikation - Beate Danczul“
1998	Master's degree, thesis regarding Gustav Meyrink and occultist literature
1991-1998	German Literature and Science of Judaism at Vienna University
1990-1991	Apprenticeship as a book seller
1990	Final secondary-school exam
1978-1990	Primary and secondary education at Institut Neulandschulen, Wien X.

Weekend Projects

These projects are for my personal development as a programmer. They contain experimental code and are mostly in pre-alpha status.

SteerGlance	„SteerGlance“ MVC, ORM and Web frontend framework Written in Node.js and JavaScript https://gitlab.com/christianfriedl/steer glance
VSMACS	„Very Simple Mice And Cheese Simulator“ Evolution simulation written in JavaScript with statistics and chart generation
Bonsai	Hierarchical tagging web application, written in PHP
CGenerics	Generic and „OOP“ programming library in standard C https://gitlab.com/christianfriedl/cgenerics
Forklift	FORTH variant written in pure X86_64 Assembler https://gitlab.com/christianfriedl/forklift
Typicalisp	Statically typed lisp dialect, written in Node.js https://gitlab.com/christianfriedl/typicalisp

Activities in Literature

2012	Several short stories
2009	A novel and several short stories
1993	"Adams Äpfel und andere Früchtchen", Poems and short stories. Tyrolia
1991	"Ungleich-Schritte. Reisen in Vertrautes Neuland", Poems and short stories. Tyrolia
1989	"Gedankensplitter", Poems and short stories. Self-published
